CMS | NURSES FOR NURSING HOMES

Before your first day at Sunset, see if you qualify for CMS loan repayment

You are receiving this separate information sheet because the nursing home where you have been offered an RN or LPN position was selected as an eligible facility for the CMS Nurses for Nursing Homes program.

YOU MAY QUALIFY FOR:

UP TO $40,000
Nursing-school loan repayment

$10,000
Potential stipend

COULD YOU BE ELIGIBLE?

- Hold an active RN or LPN license when qualifying employment begins.
- Work directly for a CMS-selected nursing home, averaging at least 30 hours weekly.
- Commit to three years of qualifying nursing-home service for the full benefit.
- Have eligible nursing-school loans; nurses without eligible loans may qualify for the stipend if they graduated within the past two years.
- Have not worked in a nursing home or state nursing-home survey agency in the 60 days before creating your CMS account.

OPEN YOUR CMS ACCOUNT BEFORE YOUR FIRST WORKDAY

Check eligibility and start your application through the official CMS portal.

NEXT STEPS

1. Create your account and complete the CMS eligibility screening.
2. Have your signed offer letter ready to document your nursing role and facility.
3. Gather current nursing-school loan documentation, if applying for loan repayment.

nursesfornursinghomes.cms.gov

CMS DETERMINES ELIGIBILITY

The Centers for Medicare & Medicaid Services (CMS), not this facility, determines each nurse's eligibility, award amount and payment. This facility was selected as an eligible nursing home, but that selection does not guarantee that an individual nurse will qualify or receive benefits. Loan repayment and stipends are subject to CMS program requirements, verification, available funding and ongoing qualifying employment. Payments are generally distributed quarterly over the applicable service period and may be taxable. This separate information flyer is not part of the employment offer and does not constitute an employer-paid bonus or compensation guarantee.
