# COORDINATORS:

## Helping connect people with the care they need.

Looking for a career where you can truly make a difference?

As a Care Coordinator, you'll play a vital role in helping people connect with the care they need. It's a job filled with purpose—supporting patients, building meaningful relationships, and solving problems in a way that improves lives every single day.

“There are so many ways to grow and advance in this field.”

Karen Fidd, Care Manager
